More information
This brochure is a summary of coverage and is for information purposes only. Full terms and conditions of the policy, including all exclusions and limitations are described in the policy document, a copy of which can be obtained from BMS Canada Risk Services Ltd. (BMS).

Professional Liability Insurance Definitions

Professional Liability Insurance

Professional Liability insurance (PLI) protects you against liability or allegations of liability for injury or damages that have resulted from a negligent act, error, omission, or malpractice that has arisen out of your professional capacity as a medical radiation technologist or if a complaint is made against you to your regulatory College. PLI protects MRTs by ensuring that your legal defence is coordinated and paid for if a claim is made against you. Your PLI also covers the cost of client compensation, or damages.

Regulatory Legal Defence

The Regulatory Legal Defence endorsement provides coverage for legal costs associated with having to respond to a complaint, or appear at a disciplinary hearing with your professional organization or agency.

In the event of a complaint or investigation, members are provided with superior legal representation and defence protection.

Criminal Defence Reimbursement

Insured members will be reimbursed up to $125,000 per claim and per policy period for defence costs associated with criminal proceedings related to the insured's professional services if the proceedings take place in Canada and the defence of the action, suit or proceeding is fully successful.

Sexual Abuse Therapy Fund

The policy includes a maximum funding of $25,000 per claim for the therapy and counselling of a person who, while a client, suffered sexual abuse in the course of an insured member's practice as a MRT.
